'Peeping Tom' Reported Annoying Niles People

CHAMPIONSHIP GO IN BARBECUE ART SLATED TO BEGIN

Jack Williamson Favored to Capture Southern Alameda Title

An upward trend in the meat industry and a reduction in the number of solely vegetable diet converts was seen for this section of the county this week as the result of the announcement of a contest to be held in southern Alameda county in the near future.

Although not listed among competitive events of the Olympics nor considered an art which has gained prominence worthy of chronicling in the records, several individuals in southern Alameda county boast of such skill at barbecuing steaks as to warrant a championship bout for the honors of this section.

Jack Williamson will fire the opening gun in the beginning of hostilities Wednesday night, August 17, when he will entertain the Centerville Lions club with a demonstration of his ability at preparing delectable roasted meat cuts at his home on the Niles-Centerville highway. Williamson already has gained no little fame in this section of the county for his past feats as a keen and talented disciple of the grill, and betting odds show "Chef" as one of the heavy favorites to cop the championship title. In addition to being a skillful cuisine performer, Williamson has at his service a grill he has constructed in the yard of his home, on which he is confident palatable steaks that will defy any in the county can be prepared.

The second round in the championship go will take place at Pleasanton on the night following Williamson's performance, when the Pleasanton Lions will hold a barbecue with the Centerville den as guests. Johnny Amaral is the Pleasanton man who will make a strong bid for honors at this affair by turning out meat viands which he hopes will please the gastronomic tastes of the judges even more than Williamson's.

Another gifted chef expected to provide trouble for the others in their aspirations for the barbecue crown is Louis Ruschin, of Newark, who was Williamson's instructor in the barbecuing art. Although some contend that the pupil has outstripped his teacher, Ruschin resolutely avers he still possesses enough aptitude at roasting steaks to be termed the master of this territory.

Frank Tuscanni, of Sunol, and Lee Wells, of Pleasanton, are two other formidable opponents expected to have something to say before honors are awarded.

Just what the winning barbecue artist will be awarded for capturing the title has not yet been decided, but a minature grill with suitable engraving is being considered at present.

Mr. and Mrs. Forrest Bishop, of Centerville, entertained a party of friends last Wednesday evening at the Hotel Belvoir.

NEW PROSECUTOR FOR JUSTICE COURTS

Tuesday's sessions in the Niles and Centerville justice courts marked the last appearance of Deputy District Attorney Harry Styles in southen Alameda county courts as prosecutor for the county.

Styles has been transferred by District Attorney Warren to the Oakland police court. His position in southern Alameda county will be taken by Stanley Smallwood, son of a Pleasanton banker. Smallwood has been working under Warren for some time, and is well-known in this section of the county.

TRANSIENT HAS STROKE

Suffering a stroke at the gravel pit at Niles early Friday morning, James McCune, a transient, was picked up and brought to the office of D. E. C. Grau. After being treated, the man was sent by ambulance to the Highland hospital in Oakland.

Miss Betty Bunker, of Oakland, is the guest of Patricia Duffey this week.

Mysterious Man Attempts To Seize Woman On Dark Street

A mysterious man who peers through windows under drawn curtains and frightens women on the darkened streets after nightfall, has been operating in Niles during the last few weeks, according to Night Patrolman Art Roderick. The night officer has received numerous complaints of late of the man's activities.

One night last week a man thought to have been the "peeping Tom" stepped out from the darkness by the Niles public library and attempted to seize a woman who was passing down the street on her way home. The woman, who did not wish to have her name revealed, screamed and attracted the attention of Roderick who hastened to the scene but the distuber had fled.

Several attempts on the part of the night patrolman to lie in wait in an attempt to capture the prowler have been unsuccessful. Although no clue has been obtained which would serve to identify the man, he is thought to be a regular inhabitant of the community.

Complaints of the activities of a "peeping Tom" prowling about Niles were received two years ago, but until the last few weeks such reports had ceased, according to Roderick.

Report Made Of Camp Fire Girls' Expenses

Total expenses to conduct the two weeks' camping trip of the Niles Camp Fire Girls at Big Basin amounted to $201.73 this year, according to a report released upon the return of the members.

The nineteen girls making up the party won camp honors in swimmng, camp craft, first aid, and nature.

The girls paid fourteen dollars for the two weeks, three remaining for a week paid five dollars, and two were kept at the expense of the camp. A total sum of $202.00 was collected to maintain the camp.

The list of expenses were as follows: groceries and vegetables purchased in Niles, $80; transportation for girls to camp, $25; straw for beds, $1; first aid articles, $2.50; Mrs. Carthy for cooking, $14; hand craft materials, $10; wood for cooking purposes, $7.50; camp site, $4.25; fresh milk at camp, $20.48, (milk sold at 12 cents a quart); for extra candy sold to the girls at three cents a bar, $2.92; meat, $4.00; bread at 10 cents per loaf, $8; lamp wicks, $.80; coal oil wicks, $1; ice, $.50; extra eggs, half case bought in Niles, $2.88; ham, corn, beef bought in Niles, $3.40; vegetables, $2.50; extra groceries, $4.50; extra case of milk, $2.50; supplies for Camp Fire headquarters, $4. Total expenses $201.73.

The guardian of the Camp Fire girls does not have charge of any funds belonging to the girls. Any finances left over from the trip goes toward Camp Fire dues which must be sent yearly to the National Camp Fire Girls organization in New York. The dues are $1 per girl yearly. The local guardian is responsible for any defict occuring.

Much of the success of the camp was due to the two young councillors, who were very faithful in upholding the ideals of camp life. All the girls cooperated in evey way with those in charge.

The Camp Fire girls wish to express their thanks and appreciation for the cakes, jams, vegetables, and fruit which were brought or sent by friends to the camp.

RANCHERS TO DRY PEAR CROP DUE TO PRICES

Continuing the low price scale which has prevailed for other fruit crops in this section of the county this year, canneries have announced prices which are leading Washington township ranchers to plan drying most of their pear yield.

Over 200 tons of the fruit are going to be dried this year by A. C. Garcia, who owns a ranch on Cherry Lane near Niles. Many of the ranchers will use the drying plants constructed for use in drying the apricot crop to handle their pear yield.

APPOINT NILES MAN TO GIVE FIRE PERMITS

In addition to Tony Alves, chief of the Niles fire department, fire permits now can be obtained for the Niles fire district from Joe Soares, of Niles, who was given official authority to issue such by Chief Deputy Van Der Nailen Monday.

Soares is a member of the Niles fire department and is thoroughly qualified to carry out the duties of the above appointment, according to the chief deputy. He is well acquainted with conditions in regard to fire safety in this district.

A tour of Washington township for the purpose of inspecting fire conditions was made by County Fire Warden J. McGlinchey, of Livermore, Chief Deputy Van Der Nailen, Fire Chief Rogers, and Assistant Chief Frank Madruga, of Centerville, last week. Although the firemen found conditions in an excellent state of safety, they emphasized the necessity of obtaining permits to set a fire of any kind.

EDITORIAL COMMENT

By NORMAN H. PARKS, Publisher Register

Outrageous Practice

TOO MANY DRUNKEN drivers are being turned loose. The practice is getting so frequent as to be almost a scandal. Deputy district attorneys are permitting this class of fiends to plead to reckless driving, to save a fight in court. That is not law. That is not justice. It is a traversty on justice, and an outrage against sober men and women who have their very lives jeopardized every time they take their cars out on the highway, by the dirty sot who not only abuses the body and brain that God gave him, but by his excessive and uncontrolled thirst for liquor makes himself a menace to the safety of his fellow men.

The Register, in the name of decency, calls upon the district attorney and courts generally to put a stop to this practice. Drunkards driving cars are not entitled to sympathy from any standpoint whatever, either through pity or family connections. They belong in jail. Fines should be abolished; and in their place licenses should be revoked, not for weeks but for months or permanently. Drunken drivers are a species of criminal as low as the lowest, vile as the vilest, and should be treated accordingly by the constituted police, courts and prosecuting authorities.

Pine Ridge Camp Proves Good Spot For Deer Hunters

PLEASANTON MAN BRINGS IN VENISON AT AN EARLY HOUR

Angelo Uliana, of Pleasanton, had the pleasure of bringing into town the first deer shot among Pleasanton hunters in the 1932 deer season. Ulina stated that he shot his deer shortly after 8:30 on the opening day.

Angelo and a number of other Pleasanton men are staying at Camp LeRoy at Pine Ridge. The buck is a forked horn weighing seventy-five pounds.

Jess Mendoza, of Sunol, shot the first deer of the season for the Sunol community. He also caught a forked horn buck. Mendoza left for Pine Ridge Sunday afternoon and returned home Wednesday evening. He caught his buck Monday morning shortly after eight thirty. The buck was caught at Pine Ridge where he, Charles Andrade, of Sunol, Kenneth Ferry, of Centerville, and Gregory Perry, of Alvarado, have been spending several days hunting.

It was stated that Camp LeRoy, located on Pine Ridge on the Livermore mountains, has been the center of attraction of a number of Pleasanton sportsmen.

Disease Of Horses Is Studied By East Bay Group

W. H. Osborne, secretary of the Alameda County Society for the Prevention of Cruelty to Animals, was a Pleasanton visitor last week, in the interests of the horse raisers of that section, relative to the disease that proved fatal to so many of the fine horses in southern Alameda county.

Scientist have been working hard to find the cause and remedy for the affliction, and Osborne has supplied some interesting data in regard to it.

The disease has been determined as a brain disease, caused by the bite of a fly, yet contagious when a diseased animal is permitted to run with other horses. Not only is it possible for horses to catch the disease, but there is a possibility that human beings can also catch the malady. To date there is no record of anyone being seriously afflicted, but the possibility is there, nevertheless.

According to Osborne, a horse, when afflicted, becomes droopy, and is inclined to hang his head, which is the worst thing that can be done. Blood must be forced from the horse's head, and the following method is given as the best cure: As soon as the horse shows symptoms of the disease, hang him in a sling, with his feet off the ground, and his head higher than the rest of his body. This can easily be done by using some good strong canvas as a sling. After the horse becomes a little accustomed to his new environment, place ice packs on his head to force the blood from it.

From all reports this is the most effective way to combat the disease, and it is believed a sure cure unless the case has too strong a hold on the animal. Cooperation of all horse raisers has been requested by those conducting the investigation, as that is the only way the epidemic can be overcome.

..Overacker's Platform..

As a candidate for Supervisor I am fully awake to the fact that our taxes are beyond our ability, as property owners, to pay, and I recognize that ways and means **MUST** be found to reduce them.

In view of these facts I submit the platform on which I faithfully pledge myself to stand:

To support economical and tax saving measures.

The voluntary reduction of the supervisors' salaries in proportion to the reduction, already made or to be made, of the salaries and wages of other county employees.

The elimination of expensive automobiles furnished the supervisors by the county.

The elimination of the position of road foremen as under the present charter they are given no authority over road work.

To dispense with the unfair and unnecessary road tax.

Fairness and impartiality to all seeking county employment and aid.

Assure the county of receiving full value for money expended.

Respectfully submitted to the voters of the first supervisoral district.

(Signed) M. J. OVERACKER.

Four thousand boys and girls in northern California have pledged themselves "to make someone smile every day."

This is the unusual purpose of Uncle Rod's radio Smile club, a daily feature on station KTAB.

"Uncle Rod" in real life is Rod Hendrickson, Oakland business man, whose hobby is entertaining youngsters.

Starting on KTAB with his Smile Club three months ago, his idea won immediate popularity, with the result that thousands tune in on KTAB every afternoon at 5 o'clock, to hear his stories and renew their pledge "to make someone smile every day."

Uncle Rod answers between 150 and 200 questions about everything every week.. Children from all parts of California write him to ask the length of Brooklyn bridge or the age of Lefty O'Doul.

In addition to the questions, the KTAB personality dramatizes stories from fairy tales, history, etc., often taking several roles.

Warrant Charging Battery Is Issued

Jerome de Lopez, of Sunol, and George Sennett, of San Jose, were charged on a complaint of battery sworn to by C. V. Swanson, of the Alameda Hetch Hetchy camp, near Sunol, as a result of a quarrel between the three men recently.

De Lopez and Sennett were arraigned before Judge Charles A. Gale, Thursday morning and date for the hearing was set.

De Lopez and Sennett are accused by Swanson of striking and hitting him with their fists and a gun and tearing off Swanson's shirt. The quarrel was said to have started in Sunol and finished at the Alameda Hetch Hetchy camp last Sunday evening.

Jerome de Lopez is a rider for the San Francisco Water company, but was not on duty at the time of the quarrel. He was accompanied by his friend C. V. Sennett, who gives his address as San Jose.

The two men were arrested by Constable Albert Vervais and Deputy Sheriff Van Patten, of Livermore, following a warrant charged by Swanson.

NEW HOUR PERIODS ANNOUNCED FOR AMADOR HI

One hour periods will be introduced at the Amador Valley Joint Union high school when it opens for its 1932-33 school term Monday August 15, under the direction of its new principal, E. O. McCormick.

According to McCormick, this method has proved very satisfactory and has been preferred by the students wherever introduced. It has proved successful in small schools where class enrollments are very small, especially in such classes as second and third year Latin and first and second year French.

This method will give an opportunity for students to enroll in home economics, commercial subjects, and shop, which in the past have required two forty minute periods and under the new plan will require a one hour period.

Band and Orchestra will also be one hour subjects.

According to the plans of Mr. McCormick there will be three one hour periods and four forty minute periods.

FORMER PLEASANTON FARMER CALLED BY DEATH

Manuel Soares, formerly a prominent farmer at the Doughttery estate, near Pleasanton, passed away at his home in Dickson last Tuesday

Funeral servces were conducted from the Hayward Catholic church Tuesday morning and interment followed at St. Augustine's cemetery, Pleasanton, where two sons of his were buried a number of years ago.

Soares was a native of the Azores Islands and came to Pleasanton when a young boy. He lived in that community for a number of years, until several years ago, when he moved to Tulare, where he had purchased a dairy.

He leaves to mourn his passing, a wife, and three sons in Hayward, and one in Livermore.

Plans Made for Legion Convention

Elaborate plans are being made by the American Legion posts and auxiliaries in California for their convention to be held in Oakland, August 15, 16 and 17, according to word received from the Pleasanton Legion Post and Auxiliary.

Delegates attending the convention will attend mass meetings, dinners and a grand ball of the last day of the session.

Almost every member of the Pleasanton American Legion is expecting to attend this gathering. Last year it was held in Long Beach and only the delegates attended.

The delegates from Pleasanton will be Mrs. Frances Apperson, Mrs. Lillie Fiorio, and Mrs. Paul Pelle. The alternates are Mrs. Josephine Page, Mrs. Clara Nilson and Mrs. Helen Blacott.

The post will be represented by R. W. Apperson, Ollie Page, Charles Fiorio, all of Pleasanton, and Conrad Westling, of Sunol. The fact that the convention is to be held only a few miles from there makes it possible for almost every member to attend.

There will be drum and buggle corps competition, and a number of drill teams will compete for prizes in bright colored uniforms.

Sunday School Sends Delegate

The young people of Niles were ably represented at the Asilomar Young People's Conference which met for one week commencing on July 30, at Pacific Grove. The conference this year attracted the largest group ever to gather for the occasion in previous years, all of them of high school and college age. The Congregationals, of Niles, sent Miss Evelyne Rose in recognition of her splendid and unreserved service given to the Sunday school as one of its teachers. Miss Rose reports a happy week filled with a feast of spiritual enrichment that shall inspire her to heights still more noble in her teaching. Further reports on the conference will be given at the next meeting of the Christian Endeavor, and again later on at a special service in the church devoted to the young people.

Endeavor Meets Again

A small but enthusiastic group of Endeavorers met at the church Sunday night to renew acquaintances and project plans for the coming season. The evening was spent in informal discussion of various matters pertaining to the society. It was decided to include a campfire and a few hot dogs in the coming meeting. Of greater importance, though, will be the regular election of officers for the next half year. It may be noted here that these meetings are open to any young people of the community who wish to attend and participate in the features of the meetings.

The Heart Of It All

"Our Intimate Religion" will be the subject of the sermon for Sunday August 14. How many of us only glance at the "stranger that is within thy gates." Yet he may be the key to our situation, the joy for our day, the comfort for our frigidity, or the Lord indeed come to us. The question is, "How warm shall we hope to maintain our religious thermometer?"

Legal Point Delays Fire Appointment

Trustee Madsen Points Out Possible Tangle

That there might be some legal objection to Mayor A. B. Pickard serving as Chief of the Pleasanton Fire Department was the point raised at a meeting of the Pleasanton council last week by Trustee Peter Madsen. Action on the recommendation of the Pleasanton Fire Department that the council appoint Pickard as its chief was deferred until an opinion can be obtained from City Attorney Walter T. Nilson. Nilson is in the south, at present, on his vacation.

When the clerk read the recommendation of the fire department, Madsen expressed himself as unwilling to have the matter voted on until all doubt as to its legality was settled. Mayor Pickard and other trustees declared that Nilson told them that he knew of no reason why Pickard could not serve the city in both capacities.

Mayor Pickard, in agreeing to a postponement of the appointment, declared that he, too, wanted the matter settled beyond the question of a doubt. He suggested that the matter go over until the next meeting, when it is expected to have a written opinion from the city attorney.

Pickard was selected at a recent meeting of the fire department to take the place left vacant by William H. Graham. At the same meeting Crawford Letham was selected to act as assistant chief. Both selections must be ratified by the Town Council before becoming effective.

Four Miles To Be Well Oiled

Pleasanton street repairing activities will begin within the next two weeks, according to Frank Garatti, chairman of the street and building committee of the Pleasanton Town Council. Garatti, who has been working with a representative of the contracting firm of Healy and Moore, of Oakland, reports that most of the preliminary work has been completed and that the contractors will begin to bring their equipment in a few days.

The work, which will consist of scarifying, oiling and rolling the streets, is being done by private contract. Each property owner will pay for one half of the street in front of his property. The town of Pleasanton will pay for the intersection of streets. The cost of the work will be 16 cents a square yard.

Approximately four miles of streets are to be treated with the oil, and when the work is completed, Pleasanton will have streets equal to those in any community in the state. It is expected that the savings to taxpayers, by not having to sprinkle the streets, will amount to a large sum. Residents on streets that have already been treated with oil are expressing themselves as being pleased by the elimination of dust.

Representatives of the contracting company have announced that they will employ local help whenever practicable.

In addition to the saving of water, Garatti points out that the town will avoid having to purchase a new sprinkling cart. The old equipment has become so badly worn out as to have become useless.

The trouble known as "popping back" through the carburetor is usually traceable to one of the following causes: lean mixture, late spark, excessive carbon deposits or old spark plugs.

PAROLE GRANTED IN GRAIN CASE

D. Curren, who was sentenced to serve thirty days in the county jail, when he appeared before Judge Charles A. Gale, of Pleasanton, a couple of weeks ago, on a charge of stealing grain from Joe Rose, Jr., was released on parole last week.

Curren and Ernie Asmussen were caught by Constable Al Vervais stealing grain from the field. On a search warrant issued the next day the grain was found in the cellar of their residence on Division street, Pleasanton.

Asmussen was fined and paid a fine of one hundred dollars, while Curren took the thirty day jail term. He was released by parole officers.

Both men were former employees of the Hetch Hetchy Water company, but were out of work at the time of the misdemeanor.

If the engine is hard to start and runs unevenly inspect the breaker points in the distributor. The points should be clean and the gap should be as recommended by the manufacturer. Remember that wear may cause the adjustment to change and an occasional inspection is advisable.
